This is all that I have. Based on the cover letter, the original, and any attachments would be with OGC? HQ?

Ok, that's probably enough for me to go on right now. Thanks!

I'm not familiar with the Platteville plant petition but am happy to research it if you need someone to.

Hi guys – We have Coyote Station and DCP Midstream Platteville Gas Processing Plant on attached petition table. As Cheryl Vetter notes in her email below, we will be discussing what to work on next at the APM meeting next week. I think I can carry on a conversation about Coyote if needed, but are either of you familiar with the second one? Perhaps one of you could send me a link or the actual documents for background.

Thanks,

Gail

Gail –

In preparation for next week's meeting, I have attached a spreadsheet showing the recent outstanding petitions for your region so that we can discuss what to work on next. Look forward to seeing you next week.
